All students may dress and act in ways that is consistent with their gender identity and expression, while still abiding by the district code of appearance, including at any school sponsored events and functions. This includes dances, graduation, JROTC, etc.

Pronouns

All students must be referred to by the gender pronoun and name that is consistent with their gender identity.

Restrooms/Locker Rooms

All students are allowed to access locker rooms and restrooms that are consistent with their gender identity, and if desired, a single-user restroom. A single-user restroom must not be the only option.

Activities

All students are allowed to be involved in school activities that are consistent with their gender identity. Participation in school sports must meet FHSAA guidelines.

School Functions

All students may bring same-gender dates to any school sponsored event or function. This includes dances, graduation, JROTC, etc.

Clubs

All students have the right to form and participate in a GSA (Gay-Straight Alliance) or any LGBTQ related organization.

Identity

All LGBTQ students must give permission to school staff regarding when and to whom they can share their gender identity, gender expression, and sexual orientation, including to a student's family as per FERPA.

Pride

All students feel empowered and safe to be open about their sexual orientation, gender identity, or gender expression at school.

National Association of Secondary School Principals-Recommendations for School Leaders

Advocate for school district policies that include protections for **transgender** students if those policies are not currently in place. Model and set expectations for students, staff, and parents about how to build a positive school culture where all students feel included and respected, regardless of their **gender identity** or **gender expression**. -nassp

National Policy Board for Educational Administration-Professional Standards for Educational Leaders

Confront and alter institutional biases of student marginalization, deficit-based schooling, and low expectations associated with race, class, culture and language, **gender** and **sexual orientation**, and disability or special status. -ccsso
